With the publication of the program for the Annual Prize Meeting in 1954, it gives me pleasure to extend a welcome to all competitors at the meeting and to wish to all rifle associations in the province success in their efforts to promote the art and skill of rifle shooting.

Following discussions at the annual meeting, the executive introduced two major changes in the 1954 program.

The first is in the date which has been made to co-incide with Stampede Week so that competitors will have an opportunity to take in the sights of the Stampede while enjoying their chosen sport.

The second change is an increase in the number of team matches. There will be a total of seven matches for unit teams as well as the Western Command Trophy for the unit rifle championship of the province.

We hope to see all former competitors back again this year and also a goodly number of new faces.

Good shooting to all.

Sincerely,

I. H. FENTON, President.

Appreciation

The Association wishes to express its sincere thanks to the sponsors whose annual support makes the Alberta Provincial Prize Meeting a success.

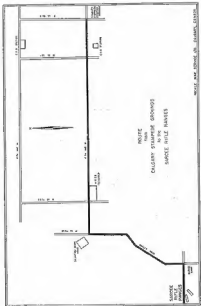

It would also like to take this opportunity of thanking the many firms who advertise in our program.

It is through the help and co-operation of the many public-minded citizens and friends of our association who give us their support that the success of this event is assured.

We urge our members to show their appreciation by supporting them whenever possible.

A. H. "Red" BLANCHETTE

Program Chairman.

LIFE MEMBERS

The Association wishes to express its gratitude to those members who, through the years, contributed time and effort in making the association a continued success.

MARKSMAN CLASS—Anyone holding a Marksmen N.R.A. or C.C.A.M. Classification for this class will shoot as a Marksman.

EXPERT CLASS—Anyone holding Sharpshooter Class License or higher in C.C.A.M. or N.R.A. will fire in this class.

NOTE—Notwithstanding the above, the Pistol Committee reserve the right to classify competitors who have previously fired in the A.P.R.A. Pistol Tournament but do not hold a registered classification card. This will be done from scores fired in the past. Competitors whose record is not known to the committee and who do not have classification cards will fire in the Expert Class. This clause is added due to the fact that the number of competitors who hold C.C.A.M. or N.R.A. Classification Cards in Alberta is very limited.

4 SQUADDING—Competitors will be squadded. Competitors sharing equipment should request separate squadding when submitting entry forms.

5 ENTRIES—Entries in all matches will be restricted to 40 shooters. Team entries may be made up to one hour before commencement of the match.

OTTAWA RIFLE TEAM

The D.C.R.A. makes no annual grant to the A.P.R.A. on the basis of 24 free transportation passages to the D.C.R.A. Shoot in Ottawa. The Alberta Team will consist of 24 shooters including not less than eight Ottawa Tyros who have not previously been awarded free transportation more than twice. The number of Alberta members on the Buisy Team for this year will be deducted from the 24 passages.

Competitors entered in the "Grand Aggregate" **MUST** give notice to the secretary **BEFORE LEAVING** the ranges whether they will be able to proceed to Ottawa as a team member, otherwise the next in order will be chosen. Members are **urgently** requested to sign their F.L. Buisy entry form to be eligible for consideration on the team. Only residents of Alberta are eligible for the Ottawa Team. Team selection will be based on the standings attained in the Grand Aggregate of qualified personnel with the right reserved by the Executive to pass over any of the winners of places in making the team.

Team members must be present in the Marquee of the Alberta Team at Comnaught Ranges, Ottawa, Sunday August 6th. at 8 p.m., for such business as may be found necessary by the team captain.

SQUADDOING Each competitor is being ticketed with a number in which squad he is subordinated to fire in each match. When the computed squad of three has assembled behind their target they will not enter in their respect, or being prepared. Shooting will then be carried on with a time limit of 45 seconds for each shot from the time the target appears. **THIS RULE WILL BE STRICTLY ENFORCED AT ALL TIMES.** The score of any competitor who persists in exceeding the time limit may be disallowed by the Match Committee.

COACHING In competition where individual prizes are being competed for coaching of any kind is strictly prohibited. This prohibition includes competitors while on the firing point giving information to neighboring competitors.

SIGHTING AND PRACTICE SHOTS.

(a) Practice shot tickets may be purchased in strips of five from the office at a cost of 75c. One practice shot will be allowed before the first range each morning in addition to the two competitive free sightings. In addition two practice shots will be allowed before the 300 Yard Free Series and five practice shots will be allowed before the 100 Yard Gun Minute Match.

(b) Two free sighting shots will be allowed at each range in the squaddied matches and team matches. Also two free sighting shots will be allowed where two have to be shot off and one on the resumption of firing when the competition has been interrupted by cause fire or delayed for a period exceeding ten minutes for any legitimate or unforeseen cause which is not the fault of the competitor or when in the judgment of the Chief Range Officer the circumstances justify such allowance.

COMMUNICATION AND MARKING.

TELEPHONES—The Executive will use its best endeavors to secure telephone communication with the butts, but should there be any breakdown of the arrangements, whether of a temporary or permanent nature such occurrence must not be allowed to interrupt the shooting nor will it be admitted as a claim on the part of a competitor to any indulgence.

CODE MESSAGES—In order to save time the following code of messages will be used.

Code messages, as follows, will be employed by range officers when communicating with the butt officer by telephone (in each case the target number will be given followed by the message number, viz.)

Message No. 1 Firing about to begin

Message No. 2 No spotting disc visible

Message No. 3 Spotting disc disagrees with value signalled. From the target and it signals correct value of shot last signalled

Message No. 4—Competitor claims a hit although none has been signalled.

Message No. 5—Competitor has had target examined and a miss reported. He is now challenging for a hit

Message No. 6—Competitor has challenged and claims a value for his shot other than that which has been signalled

Message No. 7 Marking is too slow. Hasten

Message No. 8—Next competitor to fire asks to have target examined and cleared. If a shot is found report to the Range Officer only and DO NOT SIGNAL the value

In every case in which one of the messages numbered 2 to 8 is used, the target will be lowered and properly examined by the Butt Officer after which it will be raised in exactly the same condition as that in which it was when lowered, unless for a correction in the marking or signalling has to be made in which case the corrected marking will be signalled in the ordinary way or unless, if the spotting disc is not visible in which case the target will be sent up with the spotting disc properly affixed

These signals will be passed to the Range Officer and under no circumstances will the telephone operator be instructed by the competitor to pass the signal direct to the Butts. Messages 5 and 6 require challenge tickets

MARKINGS. All hits on the target will be spotted by the use of a reversible Black and White marker at all ranges. Hits in the corners of the 200 to 600 yard targets outside the outer circle have no scoring value but will be spotted

RECHARGES. A recharge will not be scored, but will be marked on the score card as a miss

CHALLENGES. The marking for value of a shot may be challenged before any other shot has been fired at the range

target, and the score of 147, which having been deposited with the Range Officer. If an opponent, the shooting is quitted in case of the challenge for that he has failed to shoot again. He can however, the distance given, and finished the correct score in the stipulated time, say 15 minutes, and then he can be returned to the competition with paid a and the money given is as indicated in the document and all 15 minutes.
